### ABOUT THE SERVICE – We talk to Real People!

Real Estate is the main focus for PhoneTalk.com.au. Leads can turn into new listings and sales and your business will benefit.

Are you looking for clients? Why not hire a professional lead generator. We talk to decision makers. Lead generation is our business.

Existing sales staff do not make 100-150 calls in a day. They do not have the time. Most are not experienced in massive phone call promotions. Call PhoneTalk.com.au and we can do it for you!
